Hi Patty,

I sent an email and CC-ed Darren right after our call yesterday, and Darren has already replied with an email that includes his signature and all the other contact information, too. Let me include his signature box here, as well, but just so you have the record of his response, in case you want to reply directly, please try to see if our emails went to your Spam folder.

We didn't think [redacted] made cryo rubber either, and were going to follow up. No problem on the transcript, we will share it as soon as it's ready.

This is Darren's signature box:

Hi Chris and Ksenija,

Would you mind sending me Darren's contact information? We are interested in getting a list of indoor field locations in CA. Also to clarify if [redacted] produces cryogenic crumb rubber. We thought [redacted] don't. Appreciate if you can share the transcript when it is finalized. Again, thanks for letting us join your meetings.

Patty
